## OBJECTIVE

---

Motivated BTech-IT student with a strong foundation in technology, coding, and AR/VR development. Seeking to leverage technical skills, problem-solving abilities, and passion for innovation to contribute effectively in professional and academic projects.

## EDUCATION

---

**Bachelor of Technology in Information Technology** KJ Somaiya College of Engineering, Mumbai (2024-Present)  
**Hiranandani Foundation School, Thane** ISC - 83%, 2024

## TECHNICAL SKILLS

---

- Programming: Basic knowledge of Python and Java
- AR/VR Development: Unity (AR module development)
- Web Development: Hands-on experience with HTML and CSS
- Productivity Tools: Microsoft Excel, Google Sheets, and Google Workspace
- Problem-Solving: Practiced on platforms like CodeChef and HackerRank

## EXPERIENCE

---

**Winter Intern (Software Team - AR)** Team Vision (2024) Contributing to AR module development using Unity as part of a team. Work involves assessing hardware/software compatibility and implementing AR solutions.

### CS50 Coursework

- Completed *CS50's Understanding Technology*, gaining foundational technical knowledge
- Currently pursuing *CS50x* to deepen programming and problem-solving skills

### Google Cloud Course

- Completed as part of a course rollout by GDG, learning cloud computing concepts and tools

## PROJECTS

---

**Coding Challenges** Regularly practice and solve programming problems on platforms like CodeChef and HackerRank to improve problem-solving skills.

## EXTRA-CURRICULAR ACTIVITIES

---

- Participated in tech workshops and events focused on programming and hardware concepts
- Assisted in organizing college events, building teamwork and communication skills
- Researched computer and phone hardware to deepen technical understanding

## SOFT SKILLS

---

- Strong organizational skills with attention to detail and accuracy
- Quick learner, adaptable to new tools and technologies
- Effective time management and multitasking abilities
- Strong collaboration and communication skills
